#### Management Discussion and Analysis

As of June 2020, the Self-Insurance fund is reporting a decrease to net position of \$518,000 year-to-date in 2020 compared to an increase of \$1.0 million recorded for the same time period in 2019. Total revenues decreased \$97,000, while total expenses increased \$1.4 million year-to-date.

#### Revenues

Self-Insurance fund revenues are contributions from the Power, Water, and Rail divisions and the interest earned. Total revenues at the end of the second quarter of 2020 and 2019 were \$949,000 and \$1 million respectively. The decrease in revenue is due to the decrease in interest income in 2020.

#### Expenses

Self-Insurance fund expenses include claims and handling expenses paid during the quarter, adjustments to accrued claims and administrative expenses. Support services claims and handling expenses are allocated to Power and Water only and based on each fund's percentage of combined claims and handling expenses for the year-to-date. Administrative expenses are allocated to Power, Water, and Rail funds based on each fund's percentage of total claims incurred.

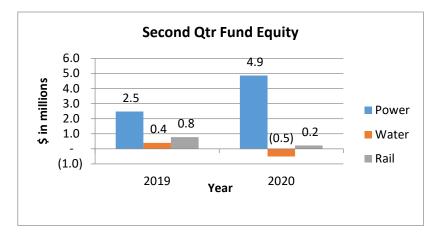

Total expenses at the end of the second quarter of 2020 and 2019 were \$1.5 million and \$88,000 respectively. The change in expenses from year-to-year is primarily due to adjustments in expected future claims and developments accrued by the Fund. Negative claims expense is generally the result of adjustments to the liability where expected claims were accrued in one quarter and subsequently denied or revised in the next quarter.

Claims expense was \$1.4 million in the second quarter of 2020, an increase of \$1.7 million (636.8%) compared to the second quarter of 2019. This is primarily due to the increase of \$1.0 million and \$365,000 in Rail and Service Division claims respectively.

Litigation Expense and Settlements in the second quarter of 2020 decreased by \$272,000 (94.6%) compared to the same quarter in 2019, primarily due to the decrease of \$244,000 in handling expenses for Power.

Incidental and Administrative Expense decreased by \$9,000 (14.7%) in the second quarter of 2020 compared to the same quarter in 2019.

The Fund's equity was \$4.6 million and \$3.7 million through June of 2020 and 2019 respectively. The graph on the following page provides a visual presentation on how the Fund's equity is shared.
