#### Management Discussion and Analysis

As of June 2021, the Self-Insurance fund is reporting an increase to net position of \$202,000 year-to-date compared to a decrease of \$518,000 recorded for the same time period in 2020. Total revenues decreased \$297,000 and total expenses decreased \$1 million year-to-date.

#### **Revenues**

Self-Insurance fund revenues are contributions from the Power, Water, and Rail divisions and the interest earned. Total revenues at the end of the second quarter of 2021 and 2020 were \$652,000 and \$949,000, respectively. The decrease in revenue is due to the decrease in premium and interest income in 2021.

#### **Expenses**

Self-Insurance fund expenses include claims and handling expenses paid during the quarter, adjustments to accrued claims and administrative expenses. Support services claims and handling expenses are allocated to Power and Water only and based on each fund's percentage of combined claims and handling expenses for the year-to-date. Administrative expenses are allocated to Power, Water, and Rail funds based on each fund's percentage of total claims incurred.

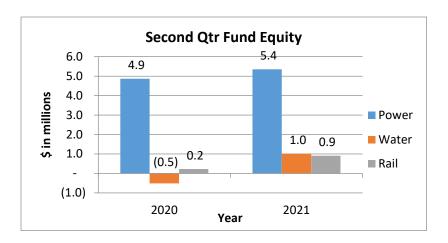

Total expenses at the end of the second quarter of 2021 and 2020 were \$450,000 and \$1.5 million respectively. The change in expenses from year-to-year is primarily due to adjustments in expected future claims and developments accrued by the Fund. Negative claims expense is generally the result of adjustments to the liability where expected claims were accrued in one quarter and subsequently denied or revised in the next quarter.

Claims expense were \$377,000 in the second quarter of 2021, a decrease of \$1 million compared to the same quarter of 2020. The decrease is primarily due to the decrease in Rail claims.

Litigation Expense and Settlements in the second quarter of 2021 increased by \$10,000 compared to the same quarter in 2020, primarily due to the increase in handling expenses for Power and the Service Division.

Incidental and Administrative Expense decreased by \$6,000 in the second quarter of 2021 compared to the same quarter in 2020.

The Fund's equity was \$7.3 million and \$4.6 million through June of 2021 and 2020, respectively. The graph on the following page provides a visual presentation on how the Fund's equity is shared.
