UPGRADES*

Updating to energy-efficient lighting is easy.

WE HAVE EXPERTS TO HELP YOU.

We know lighting. We know what it takes to upgrade your business to energy-efficient lighting. We know the best products and equipment dealers to consider. And best of all, we offer rebates that put everything within reach.

Put us to work.

- 1** Call or email us to set up your **FREE**, no obligation Energy Use Assessment.
- 2** We'll work with you to determine which lighting solutions will best fit your business needs.
- 3** We can connect you with local contractors who install qualified energy-efficient equipment.
- 4** Lastly, our team will close out project details and issue your rebate.

Updating lighting is one of the most cost-effective ways to save money and energy.

Energy-efficient lighting may also reduce operation and maintenance costs. We offer rebates that make energy-efficient lighting more affordable.

Rebates

- Incandescent to LED fixtures and bulb replacements
- T12 to T8 or T5, Hi-performance T-8, LED fixtures or retrofits
- Incandescent to LED exit signs
