# SAVE WITH BUSINESS REBATES

Contact our experts at **253-502-8619** or **BizRebates@Tacoma.gov**

| PROGRAM | EFFICIENCY MEASURE | REBATE | REQUIREMENTS* |
|---|---|---|---|
| **Pre-approval not required. You must submit your rebate application packet within 180 days of installation.** | | | |
| **HVAC Rebates** | **Ductless Heat Pump (DHP)**<br>**Retrofit** from electric resistance primary heat source | $1000/ton | AHRI Certificate for new DHP |
| | **Upgrade** from any primary heat source | $300/ton | Non-ducted - 10.4 HSPF2 or 11.0 HSPF<br>Ducted or Mixed - 9.4 HSPF2 or 10.0 HSPF |
| | **Air Source Heat Pump (ASHP)**<br>**Retrofit** from electric resistance primary heat source | $1000/ton | AHRI Certificate for new ASHP |
| | **Upgrade** from any primary heat source | $150/ton | See rebate application for specific requirements |
| | **Packaged Terminal Heat Pump (PTHP)** for lodging or residential care. | $450/unit | Space is conditioned by a PTAC or electric-resistance heat and the installed PTHP must have a AHRI certificate rating. |
| | **Variable Refrigerant Flow (VRF)**<br>**Retrofits** only | $400/ton | See rebate application for specific requirements |
| | **Connected Thermostats (WiFi)** | $150/Unit Electric Heat<br>$50/Unit Air Conditioning only | See rebate application for specific requirements. |
| **Other Equipment Rebates** | **Refrigeration Case Door Retrofit**<br>Vertical Case<br>Horizontal Case | $300/linear foot<br>$100/linear foot | New display case doors must have double- or triple-pane glass. |
| | **Window Retrofit** replacing single pane, or double-pane metal frame | $10/square foot | Replacement windows must have a NFRC-rated U-value of 0.30. Building must be electrically heated. |
| | **Variable Frequency Drive (Retrofits only)**<br>Air Handling Unit Fan<br>Pumps | $470/horsepower<br>$230/horsepower | See rebate application for specific requirements.* |
| | **Customer Unitary Heat Pump Water Heater**<br>**Retrofits** only | $650/unit | Existing water heater must be electric resistance; Installed water heater must be Tier 3 or higher on the BPA Qualified Product List |

**Refer to the rebate application for a complete list of pre-installation and post-installation requirements. Specified dollar amounts are subject to change without notice prior to the date approved by Tacoma Power. Additional rebates may be available - visit **MyTPU.org/BizRebates** for details.*
