In the lap of luxury... or closer to nature

RV owners love Taidnapam Park because they have easy access to the things that make camping fun: a natural setting, campfires, a lake, and, of course, some of the comforts of home. Taidnapam Park offers 139 individual sites with electric and water hookups, and 96 of those have sewer hookups.

Or consider roughing it and pitching your tent at one of the 24 walk-in sites. Keep in mind that other campers and their equipment might be nearby.

Round up family and friends

The main group camp allows you to express your more social side. All 22 sites are reserved as a unit. All sites have water and electric hookups, and 18 have sewer hookups. The group camp has a kitchen shelter, horseshoe pits, a volleyball area, and a restroom with showers.

For a rustic group camping experience, reserve the primitive group camp. You'll find space for 12 tents, picnic tables, a group fire ring, and a nearby restroom with showers. You must reserve all 12 sites to camp in the primitive group camp area.

All in a day's play

The day-use area offers fun activities for those who want to play for the day. Pack a lunch and park yourself at a picnic table, then poke around at the playground. Or plant yourself at a picnic site that includes a table and grill.

ADA Accessibility

We want everyone to enjoy our parks, so we continue to improve access for mobility-impaired people and those with other disabilities.

Respecting history

More than 4,600 years ago, Native Americans inhabited the spot now called Taidnapam Park. An interpretive exhibit near the park entrance will teach you about these early residents. Please respect the history and culture of the Cowlitz Indians and Yakama Nation by never disturbing or removing artifacts.
