

Prepare for meter inspections

We commit to providing safe and reliable utility services. Our team will periodically inspect your power and water meters to support this commitment. We kindly ask that you:

- **Maintain a clear workspace at least 3 feet by 3 feet in front of the meter.**
- **Remove any obstacles, including overgrown vegetation and parked vehicles.**
- **If your meter is behind a locked gate, contact us at 253-502-8600 to provide access information, such as a key or code.**

For more information, visit **MyTPU.org/MeterInfo.**
