

POWER MOVE #19

Letting us help you buy a new cooling and heating system.

Want air conditioning? We'll help you pay for it. How cool is that?

A heat pump not only keeps your home cool and comfortable all summer, but also cozy and warm in the winter. Plus, you'll significantly lower your energy use and your utility bill for heating.

That's why we want to help you pay for one.

You could get a rebate or deferred loan that you don't have to pay back until you sell your home. Cool offers. Cooler summers ahead.

See what you qualify for at MyTPU.org/PowerMoves.

▾ OTHER POWER MOVES TO PULL OFF:

- **Deferred loans** on windows and water heaters —where you owe nothing until you sell your home.
- **Rebates** on insulation, water heaters, smart thermostats, and more.
- **Free** insulation for income-qualified customers.

**SAVE ENERGY. SAVE MONEY. SIMPLE.
NOW THAT'S A POWER MOVE.**
