

## **POWER MOVE #21**

# **Keeping your tootsies toasty while saving money.**

Heat pumps use less energy to warm your home in the cold months and keep you cool all summer, which means a lower utility bill for you.

### **Best of all, we'll help you pay for it!**

Check out the incentives we offer for central and ductless heat pumps:

- Contractor discount up to \$2,000
- Deferred loan where you don't pay us back until you sell your home
