

Assistance available during COVID-19

Utilities are vital to your quality of life, so we're doing our part to reduce the impacts of COVID-19 on your utility services. If you're worried about paying your bills, or need useful information, we put together several resources to help such as:

- Payment assistance and arrangements
- Extended payment plans
- Suspended disconnects
- Waiver of late fees
- Resources for businesses
- Tips for lowering electricity and water use

You may also contact the United Way for information about new, annual heating assistance funds (LIHEAP) available at other local agencies.

Visit [MyTPU.org/Covid19](https://www.mytpu.org/covid19) for details and a complete list.
