

RESOLUTION NO. U-11069

1 A RESOLUTION related to approving the 2018 Water System Plan, 2018
2 Watershed Management Plan with Watershed Rules, 2018 Integrated
3 Resource Plan, 2018 Water Shortage Response Plan, and 2018
4 Conservation Plan and goal.

5 WHEREAS per Washington Administrative Code 246-290-100, a water
6 system plan demonstrates a water system's ability to achieve compliance with
7 local, state and federal regulations and to appropriately plan for future needs,
8 and

9 WHEREAS a water system plan serves as the principal guidance
10 document for Tacoma Water, identifying policies and projects necessary to
11 demonstrate compliance with applicable regulations and must be updated at
12 least every ten years, and

13 WHEREAS in 2000, the City of Tacoma, Department of Public Utilities,
14 Water Division (dba "Tacoma Water"), prepared its water system plan, which
15 was approved by the Public Utility Board (Resolution No. U-9699) and City
16 Council (Resolution No. 35437), and

17 WHEREAS in 2006, Tacoma Water prepared an update to the plan,
18 which was approved by the Public Utility Board (Resolution No. U-10235), and

19 WHEREAS in 2013, the Public Utility Board approved an extension of
20 the 2006 Water System Plan (Resolution No. 10665), and

21 WHEREAS the 2018 Water System Plan is an update to the prior plans
22 and provides planning guidance to Tacoma Water on matters such as demand
23 projections, water sources, and long term capital improvement projects, and

WHEREAS the 2018 Watershed Management Plan, includes Requirements for Protection of Water Supply in the Green River Watershed (the "Watershed Rules"), and

WHEREAS the 2018 Integrated Resource Plan was developed to improve Tacoma Water's ability to manage available water supplies, plan for new supplies as needed, and protect stream flow for fish in the Green River, and

WHEREAS the 2018 Water Shortage Response Plan is an update developed with the objective to preserve essential public services while minimizing adverse effects on public health and safety, economic activity, environmental resources, and quality of life, and

WHEREAS the 2018 Conservation Plan guides residential, multifamily, and commercial conservation programming in support of the 2018-2027 goal and was designed to assure compliance with the Municipal Water Law and the Water Use Efficiency Rule, Now, therefore,

BE IT RESOLVED BY THE PUBLIC UTILITY BOARD OF THE CITY OF TACOMA:

That Tacoma Water's 2018 Water System Plan, 2018 Watershed Management Plan with Watershed Rules, 2018 Integrated Resource Plan, 2018
