Chair O'Loughlin summarized the resolution. This is the second reading of this resolution; the first reading was on April 22, 2026. The Board Rules of Procedure are principles for how the Board will govern itself. These were originally adopted January 2020 and modified in 2023 to allow for hybrid meeting participation. Changes to these rules were discussed in public study sessions. There are 11 rules. There are no proposed to changes to rules three, six, and nine, except for the administrative title change. There are non-substantive language updates to rules two, five, and ten. Rules one, four, seven, eight, and eleven have both substantive changes and minor clean-up language. Rule one reflects the change in the Board payment stipend per Council substitute ordinance 29078. Rule four deletes the Board secretary duties as these are conducted by the Clerk of the Board. Rule seven adds language confirming the Board Chair's latitude in adjusting public comment time when necessary. Rule eight aligns the order of business to current practices. Rule eleven will allow edits to Board Rules of Procedure at either regular or special meetings.
