

# Budget and Rates Public Process Underway

This fall, we will present our 2021-2022 budgets for approval to the Public Utility Board and Tacoma's City Council. The proposals include rate adjustments for Tacoma Power and Tacoma Water.

## How you can get involved

- Read the budget proposals posted on our website.
- Attend virtual public meetings and outreach events.
- Submit comments in advance through our online form.

# How Utility Rates Support Our Community

As a not-for-profit, publicly owned utility, we want to ensure you get the most value and quality service you expect from us. Our rates cover the cost to provide you with safe, reliable services, maintain utility infrastructure, protect natural resources near our facilities, and invest in system improvements that make your services better. We know rates affect you. That's why we work hard to keep our costs low, which keeps rates more affordable for everyone in our community.
