

# MOVING FORWARD TOGETHER

Plan now  
for paying  
off past due  
utility bill balances

**Don't wait to apply for  
pandemic relief funds  
and assistance to keep  
your service**

When utility disconnections resume, we will place all past due balances accumulated during the pandemic on an automatic installment plan. If you are behind, paying down balances now will reduce your monthly installment amount. Relief funds are available, but you must apply for them while they last.
