

POWER MOVE #19

**Letting us buy you
a new heating and
cooling system.**

[Just pay us back when you sell your home.]

POWER MOVE #19

Letting us buy you a new heating and cooling system.

[Just pay us back when you sell your home.]

The coolest way to stay warm.

A ductless heat pump uses less energy to warm your home in the cold months (and keep you cool all summer). That means a lower utility bill. In fact, a ductless heat pump uses 25-50% less energy than traditional electric baseboard or electric forced air furnaces.

Best of all, we're buying. Income-eligible customers can qualify to receive a deferred loan, where you pay nothing until you sell your home. Awesome, right?

▾ OTHER POWER MOVES TO PULL OFF:

- **Deferred loans** on windows, insulation and more—where you owe nothing until you sell your home.
- **Rebates** on heat pumps, smart thermostats, water heaters, windows and more.
- **Seven-year zero-interest loans** on heat pumps, windows, insulation and more.
See what you qualify for online.

**SAVE ENERGY. SAVE MONEY. SIMPLE.
NOW THAT'S A POWER MOVE.**
