

## RESOLUTION NO. U-11362

1 A RESOLUTION authorizing the advocacy of certain state and federal  
2 legislative agenda items for Tacoma Public Utilities for 2023.

3 WHEREAS the Department of Public Utilities, Public Affairs &  
4 Communications Division, has proposed a legislative agenda of items they plan  
5 to advocate for at state and federal levels during 2023, and

6 WHEREAS the specific agenda items that reflect certain proactive policy  
7 objectives that are consistent with TPU's legislative policies and that will be  
8 advocated for at the state and federal levels were presented and discussed at  
9 the Board's Study Session on October 26, 2022, and

10 WHEREAS, following Board approval, TPU's 2023 Legislative Agenda  
11 will be presented to the City Council for approval and incorporation into the  
12 City's Legislative Agenda for 2023; Now, Therefore,

13 BE IT RESOLVED BY THE PUBLIC UTILITY BOARD OF THE CITY OF TACOMA:

14 That the Public Affairs & Communications Division's proposed state and  
15 federal legislative agenda items for Tacoma Public Utilities are approved for  
16 advocacy in 2023, as set forth in the TPU 2023 Legislative Agenda on file with  
17 the Board Clerk, and the City Council is requested to concur in the approval of  
18 TPU's 2023 Legislative Agenda and to incorporate TPU's 2023 Legislative  
19 Agenda into the City's 2023 Legislative Agenda.  
20

**SUMMARY:** A resolution approving TPU's state and federal legislative agenda.

**BACKGROUND:** TPU's legislative agenda includes some of the proactive policy objectives, consistent with TPU's legislative policies, that staff will advocate for at the state and federal levels. The staff-recommended Legislative Agenda covers positions on everything from supporting programs to assist limited-income customers, to carbon reduction policies, to seeking infrastructure funding, and other items.

As we shared at the October 26 PUB Study Session, these aren't the only items that we will engage on at the state and federal levels – but are the priority, or expected policy objectives for staff.

TPU's legislative agenda was last approved by the Public Utility Board via Resolution U-11293 on November 17, 2021. Following PUB approval, TPU's legislative agenda will be presented to the Tacoma Mayor and City Council for approval as part of the City's Legislative Agenda before the end of the 2022 calendar year.

**ARE THE EXPENDITURES AND REVENUES PLANNED AND BUDGETED?** No

**IF THE EXPENSE IS NOT BUDGETED, PLEASE EXPLAIN HOW IT IS TO BE COVERED.** N/A

**IF THE ACTION REQUESTED IS APPROVAL OF A CONTRACT, INCLUDE LANGUAGE IN RESOLUTION AUTHORIZING \$200,000 INCREASE IN ADMINISTRATIVE AUTHORITY TO DIRECTOR?** No

**ATTACHMENTS:** List any attachments (contracts, policies, agreements, etc.).

## Tacoma Public Utilities 2023 Legislative Agenda

### TPU-Wide

- **Actively pursue available funding:** TPU will actively monitor federal and state funding opportunities and apply for funding consistent with current and emerging capital and operating needs.
- **Infrastructure financing tools:** TPU supports legislation that promotes the availability of tax-exempt municipal bonds and will support proposals that revoke changes made in 2017 relating to advance refunding. TPU supports providing comparable tax incentives to consumer-owned utilities. TPU also supports restoring Build America Bond payments back to their originally-enacted levels.
- **TPU supports programs to assist limited-income residents:** TPU supports policies and additional funding for programs that provide assistance to limited-income residents.

### Tacoma Power – Federal

- **Support proposals that maintain and improve BPA’s competitiveness:** TPU will continue to support federal proposals to maintain and improve BPA’s cost competitiveness.
- **Carbon reduction policies:** TPU will actively engage in and seek to support proposals that decarbonize the economy at reasonable costs to customers and that appropriately acknowledge and credit hydropower as a carbon-free generating resource.
- **Support investment in zero-emission transportation infrastructure and programs that advance the development of clean fuels:** TPU will support additional funding for zero-emission transportation infrastructure and policies that advance the development and production of clean fuels, including electrolytic hydrogen.
- **Support equal treatment of hydropower:** Tacoma Power customers have invested in renewable, carbon-free hydroelectric generating facilities for decades. These facilities will continue to require significant reinvestment to ensure their future safe and reliable operation. TPU will continue to advocate for consistent tax treatment or alternative approaches that support equal treatment of all renewable, carbon-free resources.

- **Support legislation to maintain municipal utility control over poles and pole attachment rate setting:** TPU supports legislation that would ensure that municipally-owned utilities maintain their historic authority to safely manage pole attachments on utility poles.

### Tacoma Water – Federal

- **Support implementation of the Howard Hanson Dam – Additional Water Storage Project:** Tacoma Water continues to support federal authorization, appropriations, and actions necessary to complete the Howard Hanson Dam – Additional Water Storage Project. Any federal action must respect federal/non-federal cost share agreements already in place. TPU believes Howard Hanson Dam fish passage and the Additional Water Storage Project are critical to salmon and orca recovery as a construction-ready project with broad impact.
- **Support funding of the Water Infrastructure Finance and Innovation Act (WIFIA):** Tacoma Water supports appropriations to fully fund the Water Infrastructure Finance and Innovation Act (WIFIA).
- **Support funding of the Drinking Water State Revolving Fund:** Tacoma Water supports adequate appropriations for the Drinking Water State Revolving Fund.

### Tacoma Rail – Federal

- **Explore opportunities for infrastructure funding:** Tacoma Rail intends to pursue funding opportunities for investments in locomotive modernization, track upgrades, decarbonization projects, and other infrastructure improvements.

### Tacoma Power -- State

- **Carbon reduction policies:** Washington lawmakers have indicated that they will continue to focus on legislative solutions aimed at decarbonizing Washington State's economy. TPU will actively engage in and seek to support proposals that decarbonize the economy at reasonable costs to customers and that appropriately acknowledge and credit hydropower as a carbon-free generating resource and align with existing and emerging regional organized markets.
- **Building decarbonization policies:** TPU will support reasonable policies to decarbonize the state's residential and commercial building sector, including proposals to provide state funding for limited-income customer fuel conversion and proposals for municipal electric utilities to adopt beneficial electrification plans. Any comprehensive building decarbonization policy must be based on sound cost/benefit analysis to understand the impacts on energy capacity and reliability.

- **Support investment in zero-emission transportation infrastructure and programs that advance the development of clean fuels:** TPU will support additional funding for zero-emission transportation infrastructure and policies that advance the development and production of clean fuels, including green electrolytic hydrogen.
- **Support equal treatment of hydropower:** Tacoma Power customers have invested in renewable, carbon-free hydroelectric generating facilities for decades. These facilities will continue to require significant reinvestment to ensure their future safe and reliable operation. TPU will continue to advocate for consistent tax treatment or alternative approaches that support equal treatment of all renewable, carbon-free resources.

#### **Tacoma Water – State**

- **Support for infrastructure funding:** Tacoma Water supports funding for maintaining and preserving critical water system infrastructure. This includes funding for the Public Works Trust Fund, state revolving loan funds, grant funding, and other state resources. Low-interest loans and grants are vital for the long-term protection of many public water systems.

#### **Tacoma Rail – State**

- **Explore opportunities for infrastructure funding:** Tacoma Rail intends to pursue funding opportunities for investments in locomotive modernization, track upgrades, decarbonization projects, and other infrastructure improvements.
