To be listed on Tacoma Water's **2014** Certified Backflow Assembly **Tester List** you must:

- Complete this form and return it to Tacoma Water.
- Maintain with Tacoma Water:
 - A current copy of the BAT card for each employee performing testing.
 - A current copy of the calibration/verification certificate for each test kit in service.
- Agree to complete and submit test reports in accordance with Tacoma Water requirements. You may find these requirements at www.tacomawater.com (Water Quality – Cross Connection).

To participate in Tacoma Water's **Authorized Tester Program*** you must also agree to the following terms:

- Have at least one customer designate them as an Authorized Tester
- Agree to receive test due notices via email in a pdf format.
- Agree to submit completed test reports directly to Tacoma Water.

*Customers designate a specific tester to complete their annual testing. Benefits include:

- Tacoma Water will send the annual test due notice directly to the designated tester.
- Tacoma Water will attempt to resolve issues directly with the tester *before* contacting the customer.
- Testers participating in the Authorized Tester Program are automatically included on the Tester List provided to our customers, unless otherwise requested. Annual renewal will be automatic; no need to send a new request each year.
